

Annual fee per account

Each calendar year, an account holder of an account in the Belgian part of the Union Registry is obliged to pay a fee for every account that he holds, in order to contribute to the administrative expenses of the registry.

For trader accounts this fee (retribution) needs to be paid a first time before the registry administrator will grant access to the account to the authorised representatives.

The amount of the annual fee for 2022 is € 600,71 per account.

Account Type	Fee amount €
Operator holding account (OHA)	€ 600,71
Aircraft operator holding account (AOHA)	€ 600,71
Trading account (TA)	€ 600,71

The amount of the annual fee is adapted each year based on the consumer price index.

More information on the annual fee can be found at:
